Greg,

I just returned from a two week vacation. I just read an e-mail from the RCRA attorney Branch Chief, Susan Hansen, with some comments and questions about the draft letter. I just sent her an e-mail asking her to get together to discuss. I will forward you her comments because it may be more expeditious if we could have a short conference call with you.

Frank

Subject: Reply on EZBase

Frank—Do you know whether a letter responding to the 2 NGO letters on the use of EZBase was ever sent?

The NGOs recently contacted the AA's office to ask whether we were going to reply, implying that the Agency has not yet sent them a response.

Thanks

Gregory Helms
